

Revised ERP Rates on ERP-Priced Roads and Expressways from 22 February 2021

News Releases 15 Feb 2021

[ERP rates](#)

The Land Transport Authority (LTA) has completed its latest review of Electronic Road Pricing (ERP) rates. Based on LTA's monitoring of traffic conditions in January 2021, traffic speeds have remained generally optimal on all arterial roads and most expressways, except for some time periods on the Ayer Rajah Expressway (AYE), Central Expressway (CTE) and Kallang-Paya Lebar Expressway (KPE).

2 As more people travel to and from their workplaces, traffic volume has been building up during weekday peak hours. This has led to congestion at specific locations along the AYE, CTE and KPE during peak periods.

3 To manage congestion at these locations during peak periods, ERP rates will be adjusted by \$1.00 with effect from 22 February 2021 at the following gantries on the AYE, CTE and KPE during the specified time periods:

Time Period	Current ERP Rates*	ERP Rates* w.e.f. 22 February 2021
AYE after Jurong Town Hall towards City – Set of 3 Gantries		
8:30 - 9:30	\$0.00	\$1.00
KPE (ECP) after Defu Flyover		
8:30 - 9:00	\$0.00	\$1.00
Southbound CTE before Braddell Road		
8:00 - 9:00	\$1.00	\$2.00
9:00 - 9:30	\$0.00	\$1.00
Southbound CTE after Braddell Road & PIE Slip Road into Southbound CTE – Set of 4 gantries		
8:00 - 8:30	\$0.00	\$1.00
8:30 - 9:30	\$1.00	\$2.00
Southbound CTE Auxiliary Lane to PIE (Changi)/ Serangoon Road		
8:00 - 9:30	\$0.00	\$1.00

*ERP rate per Passenger Car Unit (PCU)

**Rates for other time slots at previously announced gantries remain unchanged

4 There continue to be no ERP charges on other expressways and arterial roads.

5 LTA will continue to monitor traffic speeds and congestion levels closely and assess if ERP rates need to be further adjusted.
