Cleaning sector

Progressive Wage Model wage and training requirements for cleaners who

What is it

The **Progressive Wage Model (PWM)** for the cleaning sector was developed by the Tripartite Cluster for Cleaners (TCC). It features:

- **Training requirements** that tap on the **Skills Framework for Environmental Service** [↗](#). This ensures that workers have the skills they need to carry out their jobs.
- **Progressive wages set at each level.** This ensures that workers are paid wages that correspond to their skills and productivity.

The PWM comes under the **Cleaning Business Licence scheme** [↗](#) administered by National Environmental Agency (NEA). Cleaning companies must meet the PWM requirements to obtain or renew their licences.

Who it covers

The PWM requirements are **mandatory**. They cover all Singapore citizens and permanent residents who are employed as cleaners in licensed cleaning businesses **or** by in-house employers in firms that hire foreign workers.

[Find & Summarise](#)

Employers are encouraged to adopt the PWM's principles for their foreign cleaners by upgrading their skills and implementing productivity-based wage progression pathways.

The PWM for the cleaning sector covers 3 categories of cleaning jobs:

Group	Description
1	Office and commercial sites – e.g. offices, schools, hospitals, medical clinics, condominiums.
2	Food and beverage (F&B) establishments – e.g. hawker centres, food courts, restaurants.
3	Conservancy – e.g. town councils, public cleansing.

These categories cover the most common types of cleaning jobs. They are based on NEA's classification of cleaning sub-sectors under the Cleaning Business Licensing framework.

Tip

If you need help with identifying your PWM job classification, you may use our **PWM self-assessment tool** [↗](#).

Wage requirements

Group 1: Office and commercial sites

Job level	Monthly basic wage requirements for full-time outsourced cleaners (35-44 hours per week)						
	Group 1: Office and commercial sites <i>e.g. offices, schools, hospitals, medical clinics, condominiums</i>						
	1 Jul 2022 - 30 Jun 2023	1 Jul 2023 - 30 Jun 2024	1 Jul 2024 - 30 Jun 2025	1 Jul 2025 - 30 Jun 2026	1 Jul 2026 - 30 Jun 2027	1 Jul 2027 - 30 Jun 2028	1 Jul 2028 - 30 Jun 2029
 Supervisor	\$1,967	\$2,210	\$2,455	\$2,700	\$2,870	\$3,040	\$3,210
 Multi-skilled Cleaner / Machine Operator	\$1,749	\$2,010	\$2,270	\$2,530	\$2,700	\$2,870	\$3,040
 - Outdoor Cleaner - Healthcare Cleaner - Restroom Cleaner	\$1,530	\$1,795	\$2,060	\$2,325	\$2,495	\$2,665	\$2,835
- General Cleaner - Indoor Cleaner	\$1,312	\$1,570	\$1,740	\$1,910	\$2,080	\$2,250	\$2,420

 Find & Summarise

Wage requirements for **part-time workers** will be pro-rated.

Note

Employers must pay a **PWM Bonus**  of at least 2 weeks of basic monthly wages to eligible outsourced and in-house cleaners in a year. The PWM Bonus for part-time workers will be pro-rated.

Tip

Employees can check their salary information, job details, and if employers are paying them the correct wages using the  **Progressive Wage Portal (PW Portal)**. Refer to the infographic for an **overview of the PW Portal**.

Training requirements

Employers must ensure their Singapore citizen and permanent resident cleaners meet the following training requirements:

- **Outsourced cleaners:** 1 Workplace Safety and Health (WSH) module from the list of approved modules **and** 1 core Workforce Skills Qualification (WSQ) module from the list of approved modules
- **In-house cleaners:** Any 1 WSQ course **or** 1 in-house training programme

The in-house training programme must be guided by training objectives, training modality, key training tasks and training duration to meet the training requirements. When required, employers are expected to show supporting documentation on their in-house training programme and records of workers who attended the trainings.

On-the-job training can be counted towards the in-house training programme if it fulfils these requirements.

As an employer, you will benefit from your workers' increased productivity and ability to provide better quality cleaning services.

For more detail on the training requirements and the list of approved modules, please see [Annex B of the 2026 Addendum to the TCC Report](#) .

Raising annual leave entitlement for outsourced PWM workers

From 2029 onwards, the minimum annual leave entitlement for outsourced PWM workers will be increased from **7 days to 10 days**. The enhancement will be implemented in phases and will support outsourced workers across the cleaning, security, landscape, lift and escalator, and waste management sectors. The implementation timeline will be discussed by the respective sectoral Tripartite Clusters, allowing employers and service buyers time to plan for the changes and manage operational and cost impact.
